

Industrial Specialty Coatings Applicator

www.gczarnas.com

G.C. Zarnas & Co., Inc. is a highly experienced organization specializing in specialty coating applications and painting; fireproofing and waterproofing; abatement and industrial cleaning. Our high-quality and safe application methods are offered to maintenance programs and new construction projects for up to \$10 million per package. We are privately owned and third-generation operated with offices strategically located to support our nationwide clientele and their multi-location facilities.

Core Competencies

Specialty Coating Applications and Painting

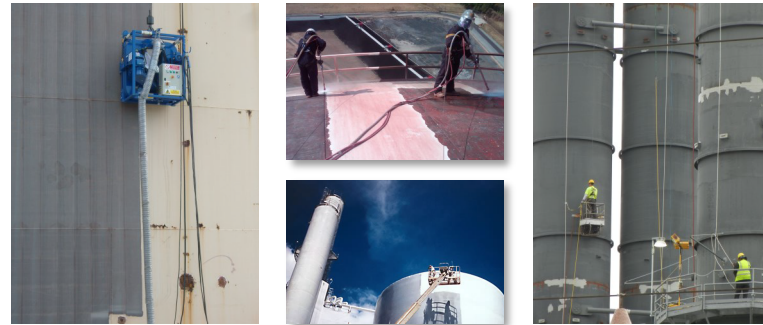

- ✓ **High Performance Coatings**
 - ✓ 100% Epoxy Systems
 - ✓ Anti-Fungal Systems
 - ✓ Cementitious Applications
 - ✓ Fiberglass Reinforced Walls
 - ✓ Fluor Polymer Systems
 - ✓ Foam Insulation
 - ✓ Heat Exchange & Circulating Systems
 - ✓ Hygiene Systems
 - ✓ Novalac Systems
 - ✓ Plural Component Sys.
 - ✓ Roof & Emission Control
- ✓ **High Temperature Coating Applications**
- ✓ **Linings**
 - ✓ 100% Solids Novalac
 - ✓ 100% Solids Polyurethane
 - ✓ Epoxy Systems
 - ✓ Fiberglass Reinforced Systems
 - ✓ Phenolic Systems
 - ✓ Polyester Flake Glass
 - ✓ Pontoon Flotation Foam
 - ✓ Seam Sealing
 - ✓ Secondary Containment
 - ✓ Trench Linings
 - ✓ Trowel Applied Linings
 - ✓ Vinyl Ester Flake Glass
- ✓ **Architectural Painting**
 - ✓ Decorative and Texture Coatings
 - ✓ Epoxy Water-Based Applications
 - ✓ Floor Coatings (self-leveling & non skid)
 - ✓ Wall Coverings

Fireproofing & Waterproofing

- ✓ **Services**
 - ✓ Intumescent Fireproofing
 - ✓ Spray-Applied & Cementitious Trowel Applied Fireproofing
- ✓ **Solutions**
 - ✓ Bentonite Waterproofing
 - ✓ Cementitious Waterproofing
 - ✓ Spray-Applied Waterproofing
 - ✓ Sheet Membrane Waterproofing
 - ✓ Pedestrian Deck Coating
 - ✓ Joint Sealants
 - ✓ Damp-Proofing
 - ✓ Vehicle Traffic Coatings

Industrial Cleaning & Surface Prep

- ✓ Abrasive Blast Cleaning
- ✓ Acid Etching
- ✓ Blast Track Cleaning
- ✓ Chemical Stripping
- ✓ Grit Recycling
- ✓ Metal & Concrete Repair
- ✓ Power Tool Cleaning
- ✓ Sandblasting
- ✓ Soda Blast Cleaning
- ✓ Solvent Cleaning
- ✓ Sponge Blast Cleaning
- ✓ Steam Cleaning
- ✓ Vacuum Blast Cleaning
- ✓ Water Blasting

Past Performance

NASA

Location: Wallops Island Flight Facility

Description: Sandblasting, Medium Density Cementitious Fireproofing, & Intumescent Fireproofing Services.

Federal Aviation Administration

Location: Allentown, Pennsylvania

Description: Painting the Administration Building & Tower Shaft of the Air Traffic Control Tower of the Lehigh Valley International Airport.

Department of the Army

Location: Pueblo Chemical Agent Destruction Pilot Plant

Description: Specialty Coatings Including: Polyurea & Phenicon.

Certifications - QP1, QP8, QS1, QP2

G.C. Zarnas & Co, Inc. recently became one of only a handful of industrial painting contractors nationwide to be certified as a QS1 Advanced Quality Management System (QMS) contractor by the Society for Protective Coatings (SSPC). G.C. Zarnas is also QP1, QP2 and QP8 certified contractor for the field application of coating for complex structures, which G.C. Zarnas provides as part of its turnkey inspection, repair, and construction services.

The combination of these certifications provides governmental clients with reduced risk of failure and provides long-term protection of systems. The U.S. Navy currently requires SSPC QP1 certification for their fuel system coating projects

Primary NAICS & PSC Codes

238320: Painting and Wall Covering Contractors

325510: Paint and Coating Manufacturing

J046: Maintenance, Repair of Water & Sewage Treatment Equip.

Z1AA: Maintenance of Office Buildings

Z2AA: Maintenance or Alteration of Office Buildings
