

About Wildcat

With 25 years of experience, Wildcat is a Service-Disabled Veteran-Owned Small Business that provides turnkey solutions to industrial, commercial, private and government sector clients. Wildcat has trusted partnerships and agreements with several of the nation's top contractors who will keep your facilities running efficiently.

Wildcat-Zarnas is a turnkey industrial, commercial and government specialty services contractor. This robust joint venture brings together two powerful entities with a combined experience of over 100 years. Wildcat-Zarnas is privately owned and operated offering you the latest advancements in the application of high performance and specialty coatings, industrial and commercial painting, tank construction, tank repair, tank linings, intumescent and cementitious fireproofing, lead abatement, concrete restoration and repair.

Our professional estimators and project managers work closely with you to ensure you receive a quality experience. Your projects will be performed by skilled craftspeople who will be respectful of your work environment, and as always, place health and safety as the top priority. This commitment to health and safety is based on caring for our employees, the clients for whom we work, and the communities in which we operate.

Together we perform multi-million-dollar maintenance, outages, and new construction specialty contracts for our heavy-duty industrial division including projects at refineries, petrochemical, chemical, pulp & paper, steel, power, and generation plants. Our commercial division performs coatings, wallcoverings and restoration services to the interior and exterior of a multitude of structures including airline hangars, veteran hospitals, schools, administration, and office buildings.

Wildcat-Zarnas is a win/win, providing government agencies the ability to create a seamless partnership with a qualified and experienced contractor, saving them both time and resources to successfully complete their projects.
